Sanlorenzo SD 126

Presenting the remarkable Sanlorenzo SD126 "MOCEAN II," a yacht that epitomizes luxury and refinement. Built in 2020 and boasting EU VAT Paid status, this vessel stands as an exemplar of the renowned SD126 series, having undergone meticulous refinement and improvement to ensure the elimination of any design imperfections.

Designed by the esteemed Francesco Paszkowski for the exterior and crafted with interiors meticulously curated by Sanlorenzo's expert design team, "MOCEAN II" stands in impeccable condition, thanks to the dedicated care of an experienced Owner. She is exceptionally well-equipped, making her the ideal choice for extended voyages.

Step inside, and you'll find a contemporary salon exuding an atmosphere of relaxation. The soothing color palette of creams and soft silvers, combined with a spacious L-shaped sofa, creates the perfect setting for unwinding while enjoying your favorite TV shows or simply gazing at the open sea. The starboard fold-down balcony ensures a seamless connection to the natural beauty of the ocean.

Further enhancing the onboard experience is a separate formal dining area, generously bathed in natural light. For more intimate gatherings, the sky lounge offers an additional indoor socializing space where a unique Chess table invites you to engage in strategic games while basking in the ocean's serenity.

Accommodating up to 10 guests in absolute comfort, "MOCEAN II" features an opulent Owner's suite on the main deck, complete with a king-sized bed, a lavish ensuite bathroom, a walk-in wardrobe, and a dedicated Owner's office. Two generously sized windows on either side can be opened electrically, allowing the gentle sea breeze to sweep through, creating an enchanting atmosphere. The lower deck hosts two VIP cabins and two twin cabins, each with its own ensuite.

Outdoors, the upper deck aft sets the stage for enchanting sunset and starlit dinners, with a spacious table that seats 10 guests comfortably.

The sun deck is a haven of relaxation during the day, featuring 3 Manutti loungers aft, and a Jacuzzi forward and a central bar and seating area which invites you to enjoy refreshing drinks and socialize under the protective embrace of the hardtop roof.

"MOCEAN II" also comes equipped with a movable swim platform, providing effortless access to a range of water toys, including kayaks and paddleboards, as well as the yacht's diesel-jet RIB.

Powered by twin 1700 hp V12 MTU engines, "MOCEAN II" boasts a top speed of 18 knots and cruises comfortably at 13 knots, all while maintaining an impressively low fuel consumption at economic speeds.

"MOCEAN II" has been maintained to the highest standards, ensuring that she remains in pristine condition. Her impeccable condition is a testament to the care she has received by her experienced owner and her crew, making her the perfect foundation for her new owner.

Drive

Steering	Servo/hydraul.
